

# CCU3

## CONTROL UNIT (RADIO)

### VOLTAGE

Input = 230V AC, Output = 230V AC

### MOTOR LINES

1

### MOTOR LOAD

6.3 A

### DESCRIPTION

Control unit for one actuator or one group of actuators. Complete with radio receiver for remote operation. Inputs for Rain Sensor, Rocker Switch, Key Switch or Remote Transmitter. Maximum output of 6.3 amp to operate 230V AC actuators. Supplied complete with surface mount enclosure.

### INPUTS FOR

Rain Sensor  
Key Switch  
Switch  
Remote Transmitter

### APPLICATION

COMFORT  
VENTILATION

## TECHNICAL DATA

Primary Voltage (Input)	230V AC
Secondary Voltage (Output)	230V AC
Motor Load	6.3 A
Motor Lines	1
Inputs	Rain Sensor, Remote Transmitter, Switch, Key Switch and Timer
Operating Condition	-20°C - +70°C
Battery Backup	No
Size	162 x 139 x 45 mm
Protection Type	IP 54
Delivery	1 x Control Unit

## ACCESSORIES

RCU3-RC1	- Remote Transmitter 1-Channel
RCU3-RC16	- Remote Transmitter 16-Channel
RCU3-RC5	- Remote Transmitter 5-Channel
RRTKEY	- Key Switch
RS1	- Rain Sensor
S50-1	- Rocker Switch

## PART CODES

CCU3	- CCU3 Control Unit 230 V 2.25 A
------	----------------------------------

## COMPATIBLE WITH

**MICRO EVO**  
Chain Actuator

**L25**  
Chain Actuator

**D4 FCE**  
Spindle Actuator

**D8 FCE**  
Spindle Actuator

(Multiple 230V AC actuators, total load must not exceed 6.3 A max.)
