

CTS2

CO2 SENSOR

DESCRIPTION

The CTS2 is a cost effective 24V carbon dioxide sensor. The unit has a 3-colour LED screen to give you a great visual indication of the current CO2 level as well as analogue outputs. Wall mountable, it is perfect for a variety of applications.

TECHNICAL DATA

Power supply	24V AC/DC +/- 10%
CO2 measuring range	0 ~ 2,000 ppm
CO2 accuracy	± 40ppm + 3% @ NTP
Consumption	40Ma Max
Size	86 x 125 x 36mm
